RE: ROAD 2382 SCOPING REPORT

The additional information requested by GDACE refers.

Please find a quotation from Galago Ventures for the additional surveys that were requested by GDACE. A follow up public meeting is also required (please find the quotation for the additional public participation process attached). The interested and affected parties however indicated that they are not willing to attend a second public meeting before the legal issue regarding the road has been resolved.

We would like to have a meeting with you in order to discuss the issues raised by Mr. Larsen during a meeting with him as well as the proposal from Dr. Herman Joubert.

Please give us a suitable date and time to schedule the meeting as soon as possible.

Please do not hesitate to contact us should you have any queries regarding this information.

Kind regards

pp. M. Wetz

Ref No: Q5306

INVERTEBRATE, BULLFROG AND BIRD HABITAT SURVEY FOR AN 8 HA PORTION OF THE PROPOSED DEVELOPMENT OF ROAD 2382, GAUTENG.

Herewith a quote to undertake a Red data butterfly, Grass owl report and Bullfrog survey as stipulated for the proposed development of Road 2382 around the pan.

BULLFROG AND GRASS OWL REPORT

ACTIVITY	HOURS	RATE	COST
PROFESSIONAL TIME			
Site visit and survey	4	R 270,00	R 1 080,00
Report compilation	4	R 270,00	R 1 080,00
DISBURSEMENTS: Admin fee			R 150,00
Travel (@ R3.20/km)	100 km		R 320,00
TOTAL			R 2 630,00

INVERTEBRATE REPORT

ACTIVITY	HOURS	RATE	COST
PROFESSIONAL TIME			
Site visit and survey	8	R 300,00	R 2 400,00
Report compilation	6	R 300,00	R 1 800,00
DISBURSEMENTS: Admin fee, etc.			R 250,00
Travel (@ R3.20/km) from Potchefstroom	450 km		R 1 440,00
TOTAL			R 5 890,00

SUBTOTAL	Excluding VAT	R 8 520,00
14% VAT		R 1 192,80
TOTAL	Including VAT	R 9 712,80

The report will include: A habitat survey to determine what Rare, Vulnerable, Endangered or Critically Endangered species of butterflies may be found on the proposed Development Site. The site visits and survey will not include trapping and netting. The study will include a desk study. Mitigating factors will also be suggested for impacts related to the proposed development. If the site is at all controversial a quote can be given to do a full trapping and netting survey to confirm species identity (e.g. mole species).

At least 30 days is necessary to complete the surveys and report. The studies must be undertaken as soon as possible since the season is changing.

I trust that this is in order. Should you have any queries, please do not hesitate to contact us.
 Quotation valid for 30 days.

Yours sincerely

Vanessa Marais and the Galago Team
